Welcome

Welcome to the 4th Annual "Young Guns" bull sale. Our dedication to the Fleckvieh business is unwavering and this line-up of uniquely bred bulls are an accumulation of our best efforts. This year offers not only diversity in genetics in the Fleckvieh sector, but a new division of Purebred bulls offer even more opportunities developed from strong maternal cow families, many with Fleckvieh influence. Focused on you, our valued customers, our excitement is over the top. Fundamental traits are represented from the ground up; mobility, feet and legs, capacity, growth excellence, genetic superiority, and function. There are several sons of the Fleckvieh sensation, Double Bar D United. United set the bar high selling for $112,000 and we were honored to be involved in this genetic giant and the proof literally are in the progeny. These are some of the first to go under the hammer anywhere and quality is second to none. Included in this offering are a set of age-advantaged bulls with incredible power and added value. Humbly, we couldn't be more pleased with the progress of these bulls and their clear ability to advance your program into higher profitability.

We'd like to take this stage to thank those who have made all this possible. Our parents for their support and hard work and you our valued customers. Your trust in our program means a great deal! Thank you to those who helped get this sale going. We appreciate your work! On behalf of the "Young Guns" team, we are all looking forward to seeing everyone February 17. Please don't hesitate to call any of us or the Transcon team to answer any of your questions. *- The Fords*

Welcome from Transcon

Welcome to the 4th Annual Young Guns Bull Sale. This is the second year for the sale to be held in Champ Simmental's heated sale barn. This will be a diverse set of bulls brought to you by Champ Simmentals, B.I.A Cattle Co and Hairy Hill Cattle Co.

Champ Simmentals will have a solid set of Fleckvieh bulls led by 205D & 99D, an exciting pair of Double Bar D United 176A sons, these guys are impressive. There will be more feature bulls depending on your needs, calving ease or power. Winston and Laython also have a small group of black bulls led by Champs Black Mamba 422D, what a tank of a bull this guy is! Solid bulls with great maternal power in this group. The boys also have some extra age fall bulls to get the job done in larger breeding groups.

Hairy Hill Cattle Co offers a strong set of Fleck and Red bulls. Mark's bulls were weaned late this year because of the brutal harvest season we faced this year, the bulls were hitting their stride in early January. This will be a fresh set of bulls by sale time with a ton of hair! Mark has some of the darkest red bulls I have seen, three flushmate Bootlegger sons will be very interesting. There will be a number of solid heifer bull prospects in the Flecks and Reds. Maternal power in these bulls as well, in my summer travels I felt Mark had one of the strongest groups of bred heifers and I was truly impressed with his cowherd.

If you are unable to attend the sale or require any assistance please give any of our Transcon team a call. Please try and attend but don't hesitate to use our industry leading order buying services.

Hope to see you sale day, Glenn Norton
