

A winter scene at Charhead Ranch. In the foreground, there are snow-covered evergreen trees. In the middle ground, a large, dark, cylindrical silo stands prominently. To the right of the silo, there is a barn with a brown roof and a red trailer. The background shows a snow-covered field and a fence line under a pale, overcast sky.

Charhead Ranch Complete Herd Dispersal

Saturday, 1:00 p.m.

December 1, 2012

Whitewood Auction Services, Whitewood, SK

Welcome Charolais Friends

It is with some reluctance that I will be saying goodbye to this herd of great Charolais animals. Just over a year ago I bid farewell to my large animal veterinary career after 20 years due to several ongoing injuries and it is for the same reasons I must sell now.

I started raising Charolais with brothers Kim & Scott Williamson of Charhead Ranch in 2004. Dennis and Elaine Williamson bought their first Charolais cow to found the herd back in the early 1960's. I had never seen as docile a group of Charolais as those in the Charhead herd. I started with a number of cow purchases at several dispersal sales, and when Kim and Scott decided to sell their cows due to the BSE crisis back in 2007, I greatly expanded my herd with the best cows selected from their dispersal sale. Kim and I have been working together on this herd since that time.

We have selected good mothering cows with the goal to produce healthy, sturdy, well-muscled bulls with calving ease and good temperament. Our selection has been for polled animals with a strong component of red factor in the herd which has a foundation back to the 1980's.

I have always stressed the importance of good health in the animals with a strict herd health program. At the time of sale, the following program has been in place:

1. All calves have received:
 - 2 doses of Somnustar pH vaccine for Histophilus & Pasteurella pneumonias (spring)
 - 2 doses of Ultrachoice 8 Clostridial/blackleg vaccine (spring)
 - 2 doses of TSV-2 intranasal live IBR vaccine (spring)
 - 2 doses of footrot vaccine (spring)
 - 1 dose of Bovishield Gold FP5 live IBR/BVD/PI3/BRSV vaccine (fall)
 - Dectomax for parasites (fall)
 - free choice mineral/vitamin supplement
2. All cows have received:
 - annual vaccination for footrot (spring)
 - annual vaccination with Scourguard 3 KC for scours prevention in calves (3-5 weeks pre-calving)
 - annual vaccination with Cattlemaster FP5 for IBR/BVD/PI3/BRSV (fall)
 - Dectomax for parasites (fall)
 - free choice mineral/vitamin supplement
3. All herd bulls have received:
 - annual vaccination for footrot (spring)
 - annual vaccination with Cattlemaster FP5 for IBR/BVD/PI3/BRSV (fall)
 - Dectomax for parasites (fall)
 - free choice mineral/vitamin supplement
 - annual semen test (spring)
4. All bred heifers have received:
 - annual vaccination for footrot (spring)
 - primary vaccination with Scourguard 3 KC for scours prevention in calves (fall)
 - annual vaccination with Cattlemaster FP5 for IBR/BVD/PI3/BRSV (fall)
 - Dectomax for parasites (fall)
 - free choice mineral/vitamin supplement

Kim & Melanie

Scott

Cows and bred heifers were preg-checked at 5-8 weeks of pregnancy according to their breeding dates, and were rechecked later to confirm that they stayed. All cows and heifers have been preg-checked at least twice in order to provide accurate calving due dates.

We are proud to say that the bulls we have produced for the industry have won Championships in the Agribition Bull Pen Alley and Regina Bull Sale. We also feel that the set of bull calves offered here are the best group of bulls we have ever raised.

We have enjoyed being part of the Charolais family and hope you enjoy our sale.

Sales Management Comments

Welcome to the Charhead Ranch Complete Dispersal. Dr. Melanie Roth and Kim Williamson have decided it's time to decrease their work loads and disperse their entire cowherd. As I toured through the pastures at Indian Head this summer it was very clear to see exactly what the goals and what direction this long time breeding establishment of 50 years was striving to achieve.

The program has focused on breeding and producing easy calving, easy fleshing seedstock with longevity. The cow herd base is mostly polled with strong Full French influence by bulls such as Martel and Paladin. A large percentage of the cowherd carries the Red Factor influence.

Charhead bulls have always been well received by both the Purebred and Commercial cattlemen. A program that holds the titles to:

- 2009 Canadian Western Agribition Champion pen of 3 bulls
- 2010 Canadian Western Agribition Reserve Champion pen of 3 bulls
- 2011 Regina Bull Sale Grand Champion Bull
- 2012 Regina Bull Sale Grand and Reserve Champion Bulls

Mark your calendars and be sure to join us on December 1st at 1:00 PM at the Whitewood Auction Mart for this complete herd dispersal of approximately 115 head.

Our professional Sales Staff is available to assist you in anyway needed including information, appraisals and order buying. Call our cell phones for assistance.

Terms & Conditions

TERMS - The terms of the sale are cash or cheque payable at par at sale location. The right of property shall not pass until after settlement is made. Transcon Livestock Corp. reserves the right to require a certified cheque as settlement before releasing any sale cattle. Should any purchaser fail to settle for his purchase Transcon Livestock Corp. reserves full power to resell the animal to the best advantage either publicly or privately, without further notice. Any loss arising from such resale together with keep and all other expenses shall be payable by the defaulter. All settlements must be made with the clerks of the sale before any cattle will be released.

BID - Every animal consigned to the sale must be sold by auction. No private sales will be allowed except as otherwise provided for in the terms and conditions. No by-bidding will be permitted. Each animal will be sold to the highest bidder.

SALES TAXES - Applicable sales taxes will be charged on semen, embryos and trucking fees (if listed), respective to the home province of the buyer, not the seller.

DISPUTES - In cases of disputes, bidding will be reopened between the parties involved. If no further bid is made the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's

decision in such matters will be final.

PURCHASER'S RISK - Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time.

INFORMATION SUPPLIED - The information contained in this catalog is believed to be true and accurate. However, the information has been supplied by the seller and neither Transcon Livestock Corp. or Jamesway Enterprises Ltd. assume any responsibility if the information supplied is not accurate.

CATTLE PICTURES - The images in this catalog are believed to be accurate representations of the individual animals. Transcon Livestock Corp. and Jamesway Enterprises Ltd. assume no responsibility if the images as received have been altered.

ANNOUNCEMENTS from the auction block will take precedence over the printed matter in the catalog. Buyers are therefore cautioned to pay attention to any such announcements.

CERTIFICATE OF REGISTRY - A registration/recording certificate issued by the applicable breed association and duly transferred will be furnished to the buyer of each animal after settlement has been made. It is the responsibility of the buyer to determine the acceptance of this certificate in any other association.

SHIPPING - Assistance will be given in making shipment after the sale but no risk is assumed by the Sales Management or Seller. Expenses incurred are the responsibility of the purchaser. Purchasers are requested to furnish shipping instructions when making settlement.

BREEDERS GUARANTEE - As this is a dispersal sale all cattle will be selling as is with no further guarantee. However, bred females will be pregnancy tested and results, along with any pertinent information known to the owners, will be announced from the auction block.

EXCEPTION TO GUARANTEE - In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, the guarantee shall be null and void.

HEALTH - It is the buyer's responsibility to determine health requirements for importing any animal into his province or state. Transcon Livestock Corp. assumes no responsibility for the health status of any animal in the sale.

ACCIDENTS - Although every precaution will be taken to protect the safety and comfort of buyers, neither the Sales Management, auctioneer, consignors, or Association assumes any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.

RIGHTS AND OBLIGATIONS - The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

TRANSCON LIVESTOCK CORP. IS AGENT ONLY - It is to be clearly understood that Transcon Livestock Corp. is only acting as a medium between buyer and seller and is not in any way responsible for any failure on the part of either party to live up to his obligations, neither does Transcon Livestock Corp. assume any financial obligations to collect or enforce collection of any monies between parties, and any legal action that may, in exceptional cases, be taken, must be between buyer and seller.

The Auctioneer shall have the right to refuse bids from anyone who has a previous record of default in payment or who has not made proper credit clearance prior to the sale with the owner or Sale Managers.
