

Calgary Simmental Round-Up Group

15th Annual
Bull & Female Production Sale

Monday, **DECEMBER 8, 2008**, 1:00 p.m.
Calgary Stampede Grounds, Calgary, Alberta, Canada

FLECKVIEH & RED SIMMENTAL

Sales Management Comments

The Round-Up Group host this annual bull and female sale each December featuring an excellent quality, never over-managed or over-fit, set of Fleckvieh and Red Simmental.

The Okofleck group, managed by Brian Miller and Dr. Ted Shacklady, has a product that genetically reads "right as rain". They concentrate on points that matter, like phenotype and pedigree to create their cattle. It doesn't hurt either knowing these cattle are treated alongside the Miller's 285 head commercial cowherd.

Virginia Ranch always feature their top bull calves, including this year two sons of Anchor "T" Barbi and one Marciano son. Speaking of Marciano, ALL the bred heifers are his daughters. Only one other Marciano daughter has been sold from this group, at National Trust, for \$11,500 to Double Bar D Farms, Grenfell, SK.

Vernon Properties downsized their cowherd a year ago thus affecting their string size. However the quality level the Vernon cattle are known for over the years at Round-Up will equal, if not surpass, their previous offerings.

The polled Fleckvieh program at Wells' Crossing Cattle Co has obviously become a leader in this segment. This sharp looking package of fancy polled Fleckvieh heifers will include a maternal sister to last year's high seller at \$28,000 to Prospect Hill Simmentals, Granton, ON. She is a daughter of the \$50,000 Double Bar D Maestro who recently sired WCC's \$25,000 National Trust entry.

The expression, "too many irons in the fire" was custom made for Mike Imler. The Imlers grain farm in essence "the greater Okotoks area", they custom farm, run a large commercial cowherd, custom calve and of course operate a registered Simmental herd. Have a good look at these cattle. They work on their own because they have to.

JB bulls will be back at Round-Up. Four sons of the young nucleus of cows at the new JB Livestock Co will be a solid element to the Round-Up Bull sale. When comparing them, make note of their younger birthdates.

Parview Stock Farms, the Brad Parker family, have a good calving ease son of Eagle-Ridge Lobo that was purchased in dam from Virginia Ranch last year.

Lastly, but far from least, the Red Simmie string of bulls from Outback Cattle Co are as good a group as any to annually sell anywhere. This set of bulls are again another step up from Paul's rugged, beef strings.

Let us know if we can assist you with any of your purchases. We know these herds very well and would be pleased to discuss them with you and/or bid on your behalf in your absence.

See you in Cowtown

Jay Good

Fleckvieh Definition

The following Fleckvieh designations are used in this catalog:

100% Fleckvieh

All descendents go back to German or Austrian parents.

Full Fleckvieh

Have a minimum of five generations going back to German or Austrian parents.

Trucking

Assistance will be provided to arrange delivery of purchases at the buyer's expense.

Bull Wintering Program

All buyers have the option of having their yearling bulls wintered. Yearling bulls purchased for \$3,000 and over will be wintered at no cost. Yearling bulls purchased for less than \$3,000 will be wintered for \$2.00/day. Pick up and delivery by April 1st. Bulls to be wintered require insurance.

Red white face, polled. Another power bull; a good choice for a red herd that needs to increase muscle mass. The youngest bull in my sale group and what a calf. He is long bodied, full of meat and the heaviest bull in my group. Dam is Fleck influenced and is equally stylish.

Outback Cattle Co.

Virginia Ranch welcomes you the 15th Calgary Round-Up sale. We are proud to have been a part of this sale for the past 8 years, and feel this may be our strongest offering thus far. We are consigning 8 big, powerful bred heifers and 2 herd sire prospects. Much of our program centers on Anchor T Barbi 46K and DFM Juni 960. This year we could title our offering; "The Barbi & Juni Show" as our entire string is related to one, or both, of these cows. As it was pointed out at the National Trust sale, we have sold 21 lots from these two cows over the past few years and have averaged a consistent \$9000. Bid and buy with confidence as we feel these animals are ready for any program. And as usual, we will always back your purchase up with the slogan, "if you're unhappy, we're not happy!"

'Virginia Poll Unanimous' is unanimously...naturally thick. He has exhibited this thickness since the day he was born. I don't see enough 'natural thickness' in most of the polled Fleckvieh cattle. The industry should concentrate on keeping the breed naturally thick while breeding the polled gene. We are so confident that VIRS 3U will provide this, that we would like to retain 50 straws of his genetics for use in our herd.

'U2' is the first animal to be sold out of our new herd sire 'Champs Romano'. We have been extremely happy with his first calf crop, as they are all thick and stamped/colored accordingly. U2 is a very dark bull and is a middle of February calf; he is the youngest bull we have ever sold in this sale. 'U2' is a little smaller than most of the bulls we have offered in the Calgary Round-Up sales, however his dam 'Barbi' has been kept open many summers in our flush program and I feel this has decreased her milk production. Have confidence in him as he has the proven genetics and will work for you.

NO BULL . . . Tristyn came right out of the keeper pen. Her full sister bred later than I wanted, so Tristyn got the call to replace her. She is bred to one of our new polled additions to the bull battery, 'Double Bar Poll Twister'. You might remember Tristyn's mother, she is a Canadian Neff x Barbi cross who was the choice lot with her sister in the 2005 Calgary Round-Up sale. Tristyn is a big powerful heifer, which you could breed in many ways.

Tatum is a dark, solid heifer whose dam was a great buy from Elliott Simmentals. It's nice to purchase a cow and her first calf is marketable (bull calf sold to Murray Wilson of Cochrane). Her second calf is Tatum, and her third calf is in the bullpen and will sell in Olds, AB this March at the Lucky sale. If Tatum is like her mom, she will be a good buy!

Al'd to Sunny Valley Sargent 24S -S657911- on April 4/08. Exposed to Eagle-Ridge Lobo 11L -563181- April 19/08 - May 19/08.

Tanya is a Red Full Fleckvieh that bred early to Sunny Valley Sargent 24S who is also a Red Polled Full Fleckvieh. The resulting offspring could be a very interesting calf. Tanya's dam has been a good cow for us. 157T has a full brother in our Lucky Sale bullpen and will be in Olds, AB this March. She also has a sister working for Marie Pier Allard in Quebec.

She is only one of three Maestro daughters to be offered for sale this year. The first was offered at "National Trust" and sold for \$25,000. Again, thank you Prospect Hill Simmentals for acquiring one of our best. Ungaro, one of two Maestro daughters being offered today, is a special lot in her own right. She represents a unique genetic twist combining the Canadian bred genetics of Maestro and the South African bred genetics of Bar 5 SA Ms Elegant 818M. 818M, a richly bred female, is a solid contributor for us; she has produced a female that we have sold to Bar 5. This polled Elsa granddaughter, the third of Jean's designer heifers, is an excellent way to gift wrap polled and South African genetics in one package.

How many time have we all wished for that full fleck bull to use on our heifers. Well here he is. Mr. Lobo's pedigree is full of calving ease sires; Eagle Ridge Lobo, Anchor "T" Legend and Anchor "T" Metro, yet his mother is a granddaughter of KLYBER. Calving ease and performance in one package. Mr. Lobo is a thick, very deep, dark red, double goggle bull, with an excellent disposition.

Terms & Conditions

TERMS - The terms of the sale are cash or cheque payable at par at sale location unless satisfactory credit arrangements have been made previous to the sale. The right of property shall not pass until after settlement is made. Transcon Livestock Corp. reserves the right to require a certified cheque as settlement before releasing any sale cattle. Should any purchaser fail to settle for his purchase Transcon Livestock Corp. reserves full power to resell the animal to the best advantage either publicly or privately, without further notice. Any loss arising from such resale together with keep and all other expenses shall be payable by the defaulter. All settlements must be made with the clerks of the sale before any cattle will be released.

BID - Every animal consigned to the sale must be sold by auction. No private sales will be allowed except as otherwise provided for in the terms and conditions. No by-bidding will be permitted. Each animal will be sold to the highest bidder.

DISPUTES - In cases of disputes, bidding will be reopened between the parties involved. If no further bid is made the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

PURCHASER'S RISK - Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time.

INFORMATION SUPPLIED - The information contained in this catalog is believed to be true and accurate. However, the information has been supplied by the seller and neither Transcon Livestock Corp. or Jamesway Enterprises Ltd. assume any responsibility if the information supplied is not accurate.

CATTLE PICTURES - The images in this catalog are believed to be accurate representations of the individual animals. Transcon Livestock Corp. and Jamesway Enterprises Ltd. assume no responsibility if the images as received have been altered.

ANNOUNCEMENTS from the auction block will take precedence over the printed matter in the catalog. Buyers are therefore cautioned to pay attention to any such announcements.

CERTIFICATE OF REGISTRY - A registration/recording certificate issued by the applicable breed association and duly transferred will be furnished to the buyer of each animal after settlement has been made. It is the responsibility of the buyer to determine the acceptance of this certificate in any other association.

SHIPPING - Assistance will be given in making shipment after the sale but no risk is assumed by the Sales Management or Seller. Expenses incurred are the responsibility of the purchaser. Purchasers are requested to furnish shipping instructions when making settlement.

BREEDERS GUARANTEE - As per applicable Canadian Breed Association Breeding Guarantee guidelines. Copies are available at the sale settlement desk to be picked up by the buyer at any time. In no event shall the seller be responsible for reimbursing more than the purchase price.

HEALTH - It is the buyer's responsibility to determine health requirements for importing any animal into his province or state. Transcon Livestock Corp. assumes no responsibility for the health status of any animal in the sale.

ACCIDENTS - Although every precaution will be taken to protect the safety and comfort of buyers, neither the Sales Management, auctioneer, consignors, or Association assumes any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.

RIGHTS AND OBLIGATIONS - The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

TRANSCON LIVESTOCK CORP. IS AGENT ONLY - It is to be clearly understood that Transcon Livestock Corp. is only acting as a medium between buyer and seller and is not in any way responsible for any failure on the part of either party to live up to his obligations, neither does Transcon Livestock Corp. assume any financial obligations to collect or enforce collection of any monies between parties, and any legal action that may, in exceptional cases, be taken, must be between buyer and seller.

The Auctioneer shall have the right to refuse bids from anyone who has a previous record of default in payment or who has not made proper credit clearance prior to the sale with the owner or Sale Managers.

**Embryo Lots:

BEL LITTA

TAKTIK
KARMEN
MOLL 2ND
BEL HELGA 7TH

BEL Litta 34E was our very prolific donor cow. In 4 flushes she produced over 110 embryos. Now that's fertility! Her polled grandson, JB CDN Pompeii, was sold to Professional Livestock Co and Dollars Diamond D as their new polled herdsire. This cow is loaded with maternal genetics.

Dayton's Pol Neumann is one of the hottest and exclusive polled sires in today's market. We recently sold a daughter of his for \$10,500 at the National Trust Sale. Here's your chance to tap into Neumann genetics.

WISP-WILL RONA

MON-BIJOU SIDAAR
MON-BIJOU PRULAPI 84
WISP-WILL MANDRAKE 4TH
WISP-WILL RIKA

Klyber was the best investment we ever made. His sons sold very well for us last year, his daughters have great udders and milk very well, and his disposition was second to none. Klyber is gone now so his genetics will be harder and harder to find so don't miss your chance. Ducherer Simmentals purchased some embryos from this mating in Dec 06 and now have an outstanding female, according to Dave.
