Sales Management Comments

Welcome to the most exciting event to happen to Charolais in Alberta this fall! This high end sale offering will be complemented by a great pen & single bull show that will have an honest commercial flavor.

The bull sale portion of the sale has a great variety with an outstanding group that will include the Lot #1 Full French, March 13 born, bull calf from long time French breeding establishment Valanjou Charolais. Don Grant Farms have produced many herdbulls over the years and have three bulls consigned to the "Select". One is a two year old son of "Sanchez", who is a proven breeder. Also from Grant Farms are two of their top calves from the '11 crop, one white and one red factor, respectively sired by "Hank" and "Reality Red" (this one being from the donor dam 300J). A neat feature in the bull division will be the choice of all 4 bulls exhibited in the show by the Cholack's Circle Cee Charolais. All bulls entered in the show are eligible for the sale, are not on display for private treaty sales, and may be selected for the sale. If you have a bull you may be interested in purchasing, let us know and we will approach the exhibitor about consigning him to the sale.

The female sorority of the sale will see the "mini-dispersal" of Brooklyn Paget's herd. Initially held back from what ended up being the highly successful New Country Livestock Dispersal last December, a college career for Brooklyn has determined the sale of this elite nucleus. The bulk of this group are made from one cow family plus two ET calves sired by Wildor Raven himself. The features among the other "live" lots of bred heifers and heifer calves are far too many to explore individually in this editorial but I would mention the "picks of..." from Footprint Farms and Clear Lake Charolais as serious fall sale features.

Please join us for this great weekend that we are privileged enough to help host and market the two most exciting breeds in the beef cattle business all in one complex in two great back-to-back days. We prefer that you do attend, however we do suggest that if you can't be there personally and would like to bid and/or buy, you can utilize our trusted, experienced, industry leading order-buying services in your absence.

We are looking forward to working with as many of you as possible to increase the value of Charolais cattle.

On behalf of the ACA

BW: 99; 200 day: 908.

EPDS Fall 2011: 39 2.4 42 70 N/A 16.2 37

PURE POWER is a Young, Attractive, Powerful, Full French, Herdsire Prospect! He possessed a 908 lb actual 200 day weight along with a very modest 99 lb birth weight. The hip and top that PURE POWER possesses is extremely impressive -- so much so you need to see it to believe it.

PURE POWER was born March 13/11 which only adds to how explosive his muscle pattern and genetic power really is, plus the performance he has. His huge hip carries down smoothly into his correct back leg. He shows this off well by the way he gets out and moves, taking a big, smooth, long stride on a huge square foot. PURE POWER will get your attention and keep it! He has a real neat front end with great skull structure which really gives him a lot of character.

Full French cattle in the Charolais business are as popular as they have ever been with many Full French animals being sale toppers already this fall. PURE POWER is the most exciting Full French bull we have seen in years. He combines all the attributes necessary to be the next "GREAT ONE". If any of you folks remember back to when Doug Moore won MOO-LA-MANIA, he picked a bull some people weren't too sure about at the time. That bull turned into a breed legend (HANK). Pure Power has the MASS and EXPLOSIVE muscle expression combined with a REGAL look that gives him the potential to be a breed LEGEND.

When an opportunity knocks you need to jump at it and get involved. Dec 3 is the day PURE POWER will knock your door down. There will be many ways to be involved in PURE POWER. If you have any questions you can contact us, Tyler Bullick or Jay Good who can help in any way you need. Terms to be announced at the sale.

Consignor: New Country Livestock

14. PRAIRIE COVE MISS 9X

POLLED PUREBRED FEMALE PFC383841 PCC 9X 18 March 2010

Not only are these females hard to raise but even harder to find for sale. Miss Prairie Cove 9X is a sharp fronted, strong topped, deep sided female with the maternal power to be a breed leader. She is a representative of the powerful Sparrows Krystal 116R cow family that has been so great for us. "Krystal" started her career by raising a \$15,000 Herd bull for Loewen Charolais and Hirsh Charolais. (Not bad for a two year old.) We have been flushing "Krystal" and she has a fantastic record with two separate flushes gathering 20 eggs a piece. WOW, what an average.

You folks will be able to experience first hand the thickness and deep rib shape of Miss Prairie Cove 9X's sire while in Red Deer as Don Grant will have JDFJ Playboy 85U on display. The bull has done a whale of a job for Don as well as being responsible for the genetic EXPLOSION we have with PCC 9X.

Miss Prairie Cove 9X is bred way along to the Firewater service. For those of you who don't know who Firewater is, you will find out very soon as this bull has caused a whirlwind in the states siring champions all across the USA. This is a very exciting mating and also hard to find as Firewater semen is shared with only a few Canadian breeders.

So what a powerful combination. What an opportunity to get into a cow family that has Power in the blood! As my old buddy Geo Anderson used to say, "Take A Hold Here Boys".

15. PRAIRIE COVE MISS 3Y

POLLED PUREBRED FEMALE PFC390111 PCC 3Y 6 February 2011

Well here she is. Do you want a female you can base a program around? We have been all through her mother's "Krystal" accomplishments and you can also see her neat sister (PCC 9X) standing beside her. There is no guess work here. Miss Prairie Cove 3Y just continues to get more and more powerful, with a big top, a deep rib, a great hind leg, and that DEVINE look all the GREAT ones have! I read Helge's column in the Banner. He keeps preaching that we don't want to make our Charolais cattle too small, we need to keep the power in our breed and I couldn't agree more. This is the type of female that has the power to raise the BIG POWERHOUSE herd bulls he is talking about. Maybe the coolest thing about Miss Prairie Cove 3Y is that she is sired by CSS Gridmaker 2W, the reigning Reserve Champion bull at Agribition, and top ten finalist in the RBC Supreme as well. By the time we all gather in Red Deer for this exciting Charolais event, The ACA Select Show and Sale 2011, CSS Gridmaker will be the Agribition Champion 2011 (just my 2 cents). He is the deadliest (in a good way) 2 year old bull in the country! He has had lots of admirers at the shows from all different breeds, saying if this is what the Charolais cattle are like, they are doing it Right! Good Luck Garner & Owen.

So to me this is the kind we are trying to build and here is your chance to own her. Step up and take your program to the next level with Miss Prairie Cove 3Y.

Bred AI to TR Mr Fire Water 5792RET PEMC333302 Apr 9/11. No exposure. PT safe.
POLLED FULL FRENCH!!!! Here is the opportunity everyone is looking for -- a POLLED Full French heifer bred way along early to the newest hottest bull in our breed! Just imagine the calf she will lay down and have, ENDLESS OPPORTUNITIES!!!! 136X is a long spined, angular female, with fantastic udder development. She is a big bodied, attractive female. The way her pedigree is loaded with French blood she has the chance to lay down and have that polled, half French herdsire prospect all you folks are dreaming about. The Firewater service not only is hard to find, but very highly sought after. How special could this cross be.

Open.

This is the neatest fronted, coolest made female in our heifer pen in 2011! She is only a 6th of March baby and a product of the great set of females we purchased from Andemar Charolais. What a fancy young show heifer. Just imagine the future possibilities as a show female or breed matron. Elvira has come from the heart of the herd and we are sending our best to Red Deer Dec 3/11 as we want to make the ACA Select a huge success. This sexy young female is our addition to an already stout lineup of cattle that promises to make this sale a fantastic event.

19. RIGHT TO FLUSH ANY FEMALE IN THE CLEAR LAKE HERD

SDC Victoria 51R

At no other sale than the ACA Select Show & Sale will you get an extraordinary opportunity to flush any cow that Clear Lake Charolais owns. Our cowherd has been carefully selected with some of the most prolific females in the breed.

Choose from any female including:

Sparrows Krystal 116R

Rollin Acres Lizzie 7S

SVY HVA Flirtin 805U

POG Red Lass 75L

We have been averaging over 20 embryos per flush lately. To add to the excitement we will offer semen from any of our herd sires; 2008 National Champion Hercules, 2010 National Champion and Farmfair Supreme Champion Sudden Impact, and the hottest bull in Canada TR Firewater. Do not miss this unbelievable opportunity to move your program to the next level.

We guarantee 6 embryos, and anything over 12 embryos we split. All flush work to be done at DRI at buyers expense.

Consignor: Harvie Ranching

29. Pick of the Footprint Farms bred cows

When touring the cowherd at Footprint Farms, it doesn't take long to see the consistency in this herd. They are moderately framed, with loads of width, middle and hip as well as impeccable feet and udders. These cows have been strictly culled, no matter the pedigree. This quiet set of cows are ran like ranch cows with papers. "Earn your keep" is the philosophy at Footprint Farms, which is probably the reason why the bulls from this set of cows have put the yearling division of the Charolais Power bull sale in the top end of yearling bull sale averages for the last four years in the nation. Most of these sons are sold to no nonsense cattle people, who also live in hard grass country and demand the same qualities as Footprint Farms in their breeding stock. Semex and Alta have seemingly also noticed these same qualities in their selection of PPF Ranchand & PPF Alta's Cool Blue, respectively, for their worldwide semen distribution companies.

When the hammer falls, the winning bid will have the right to select from proven donors, who have had embryos marketed overseas, or any of the young future matrons who are earning their way into the donor

pen through their production. The herd is balanced with horned & polled purebreds, as well as some select Full French cattle. All cows are bred and selected for moderate birth weights and powerful growth and longevity.

The cowherd was bred to two bulls: one, DYV SVY Warrior 2W, who as a calf, was reserve grand champion at Agribition, and has matured into an easy fleshing, easy moving "power" bull. Look for big things from this Pilgrim's son. The other, Fawcett's Swagger 57W, was purchased this year at the Charolais Power bull sale, as the high selling bull. He was selected for the same strengths and qualities that Footprint Farms values - a pedigree that boasts such breed greats as Cougar Hill Hank, HFCC Bond, & ABC Latoro. He was sired by Sparrow's Mecca, the high selling bull at Sparrow's 2006 spring bull sale.

Both of these smooth polled herd sires are near images of each other in their structural make up, phenotype and, as well, they are both very docile to be around.

Selection must be made before December 20, 2011, as calving starts in the new year.

Footprint Farms wish to retain one full flush, or two shared flushes, with the new owners.

Consignor: Footprint Farms

Open.

Yanita has everything you want in a female. Buckaroo, her sire, is still my number one bull for breeding heifers, short gestation, avg 283 but yet great performance. He has always crossed amazingly well with my Frenchies. Her dam, maternally solid, is a polled Full French 2 yr old out of the great Agronome 16F cow family. Maternally related to the two Full French heifers sold last year at the Fall Harvest. Just ask Tim Bullick and Luke Boelman (Sunnybend Charolais) what they think of their Frenchies.

Open.

A very feminine and eye appealing heifer. 19Y is sired by LLW Grand Slam, and maternal grandsire LLW Red Pepper. Lindy's dam, 1N, is one of our favourite cows. No matter what bull we have used on her, she has consistently given us a moderate birth weight & frame size, with excellent structure & phenotype, all the while not sacrificing performance. We thank Transcon for inviting us to be a part of this exciting event and look forward to seeing you on December 3 in Red Deer.

There are certain things in life you will always remember. That high dollar bull you purchased, the very first show you judged, the first Gold show you judged, the first cattle clinic you did, the first time you won at Farmfair and today I will always remember the very first Charolais female we sold.

Its interesting in life how things go back full circle. As a kid we always had British type cows and bred them to the best Charolais bulls we could find. I have always had a passion for the Charolais breed and am very excited to be a part of it. Yes we are new to the Charolais business, but not to the cattle business. Our farm was established in 1902 and we are proud of its 109 years and five generations.

34Y is a very deep bodied, thick made female with loads of hair and perfect feet. Come be a part of this exciting breed, share the excitement of watching the demand of the Charolais breed grow. 34Y is top of the heifer pen and is entered in the Lloyd Stockade and Farmfair. Thank you for being a part of our day.

Dave & Tracee

45. 4 GRADE A EMBRYOS

DBAR Miss Priss 9K X Gerrard Montezuma 6T

DBAR Miss Priss 9K

Here is an incredible opportunity to own four grade A embryos of of DBAR Miss Priss 9K and Gerrard Montezuma. 9K is one big powerful Peugeot daughter, admired by many who have seen her. Priss was one of New Country's elite donor cows who they wish they had started flushing sooner. One of her daughters is Miss Elegance 635S the 2008 Farm Fair and Agribition Grand Champion Female. The mating to Gerrard Montezuma will combine two champions and should create incredible potential. Gerard Montezuma was the 2010 American National Champion at the Denver Stock Show This is your opportunity to purchase the top of the bred genetics.

Wrangler Ms Blossom was pick of the heifer calves when Glenn was over to select. She is off a Maxim first calf heifer. These Maxim heifers are milking super and doing a great job on their first calves.

Consignor: Wrangler Charolais Farm

Commercial Producers -- Join us and be part of the Charolais ROAR.

Everyone wants those good Charolais cross calves.....feedlots cannot find enough.. auction barns are crying for them and bull producers are running out of bulls. Let us help you increase your profits!!!

The Alberta Charolais Association would like to invite every commercial producer who has had a registered Charolais bull transferred to them since January 1, 2010 to attend the Alberta Select Bull and Female show and sale for a chance to win a free bull.

Every producer must register on Saturday Dec 3, 2011 when they get to the Agricenter on the Westerner grounds at Red Deer Alberta to be eligible to win the bull or the runner up prizes. Pedigrees and EPDs will be available.

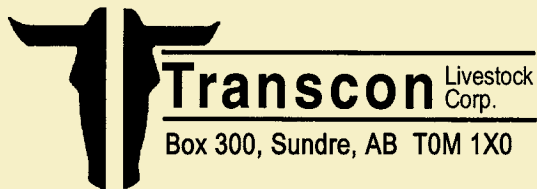

The pen of 3 show and single bull show will be held Friday Dec 2, 2011 at 4 pm with a free banquet and awards to follow.

The registration and parade of bulls will start at 10am Sat Dec 3, 2011 with the lucky winner picking their bull at 12:30 pm followed by lunch and the bull and female sale starting at 1:30pm.

The winner will have their bull kept by the purebred producer that raised the bull until April 1, 2012 free of charge. At that time or a date mutually agreed upon by both the winner and bull producer, the bull will be delivered to your farm with a satisfactory semen and soundness evaluation at no expense to the winner. The bull producer will get \$10,000 after he has met all of these requirements.

Be part of one of the largest commercial oriented events of the year. Have a chance to appraise bulls from all over the province. Talk with other cattlemen about industry issues.

Best of all win a \$10,000 Charolais bull without having to hook up to your trailer.

Terms & Conditions

TERMS - The terms of the sale are cash or cheque payable at par at sale location unless satisfactory credit arrangements have been made previous to the sale. The right of property shall not pass until after settlement is made. Transcon Livestock Corp. reserves the right to require a certified cheque as settlement before releasing any sale cattle. Should any purchaser fail to settle for his purchase Transcon Livestock Corp. reserves full power to resell the animal to the best advantage either publicly or privately, without further notice. Any loss arising from such resale together with keep and all other expenses shall be payable by the defaulter. All settlements must be made with the clerks of the sale before any cattle will be released.

BID - Every animal consigned to the sale must be sold by auction. No private sales will be allowed except as otherwise provided for in the terms and conditions. No by-bidding will be permitted. Each animal will be sold to the highest bidder.

DISPUTES - In cases of disputes, bidding will be reopened between the parties involved. If no further bid is made the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

PURCHASER'S RISK - Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time.

INFORMATION SUPPLIED - The information contained in this catalog is believed to be true and accurate. However, the information has been supplied by the seller and neither Transcon Livestock Corp. or Jamesway Enterprises Ltd. assume any responsibility if the information supplied is not accurate.

CATTLE PICTURES - The images in this catalog are believed to be accurate representations of the individual animals. Transcon Livestock Corp. and Jamesway Enterprises Ltd. assume no responsibility if the images as received have been altered.

ANNOUNCEMENTS from the auction block will take precedence over the printed matter in the catalog. Buyers are therefore cautioned to pay attention to any such announcements.

CERTIFICATE OF REGISTRY - A registration/recording certificate issued by the applicable breed association and duly transferred will be furnished to the buyer of each animal after settlement has been made. It is the responsibility of the buyer to determine the acceptance of this certificate in any other association.

SHIPPING - Assistance will be given in making shipment after the sale but no risk is assumed by the Sales Management or Seller. Expenses incurred are the responsibility of the purchaser. Purchasers are requested to furnish shipping instructions when making settlement.

BREEDERS GUARANTEE - As per applicable Canadian Breed Association Breeding Guarantee guidelines. Copies are available at the sale settlement desk to be picked up by the buyer at any time. In no event shall the seller be responsible for reimbursing more than the purchase price.

EXCEPTION TO GUARANTEE - In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, the guarantee shall be null and void.

HEALTH - It is the buyer's responsibility to determine health requirements for importing any animal into his province or state. Transcon Livestock Corp. assumes no responsibility for the health status of any animal in the sale.

ACCIDENTS - Although every precaution will be taken to protect the safety and comfort of buyers, neither the Sales Management, auctioneer, consignors, or Association assumes any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.

RIGHTS AND OBLIGATIONS - The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

TRANSCON LIVESTOCK CORP. IS AGENT ONLY - It is to be clearly understood that Transcon Livestock Corp. is only acting as a medium between buyer and seller and is not in any way responsible for any failure on the part of either party to live up to his obligations, neither does Transcon Livestock Corp. assume any financial obligations to collect or enforce collection of any monies between parties, and any legal action that may, in exceptional cases, be taken, must be between buyer and seller.

The Auctioneer shall have the right to refuse bids from anyone who has a previous record of default in payment or who has not made proper credit clearance prior to the sale with the owner or Sale Managers.
