

Southern Alberta Round-Up Group

18th annual

Fleckvieh & Red Simmental

Bull & Female Production Sale

Offering 69 head

45 Bulls including 23 two year olds

24 Bred & Open Heifers

Thursday, December 15, 2011, 1:00 p.m.
Highwood Livestock Auction, High River, AB

Sales Management Comments

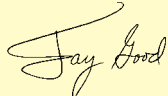

We very excitedly anticipate this year's Southern Alberta Simmental Round-Up because of the all time high prices for cattle. In particular, the "heavy" calves that carry that Simmi influence are demanding top payweight on the steers and in today's replacement female market it's a must to have Simmental genetics in the DNA. Commercially, the Simmental cross is "Top Dog"!

The "Round-Up" sale group has always encompassed some large strings and this year is no exception. We feature the mini-production sales for Okofleck/Miller Ranches, D. Maronda, MI, & Ricochet. Within these there will be as many "held-over" two-year-old bulls as you will find anywhere. These bulls are born and bred in Southern Alberta and will adjust nicely into the larger ranges found in the Southern section of Wild Rose Country. Of course the front end "coming yearling" bulls will be made available through this sale as they are committed to here and nowhere else nor are they available prior to the sale at home. These four big strings will bring the best few of their bred heifers and heifer calves to allow other registered breeders and top end commercial producers to access replacement females.

The "Round Up" keeps a quality section of breeders that don't bring as many but offer a "truck load" of quality. We thank all of them for their loyalty to the event, their input and the promotion they do. Some serious sale features will be included in the Parview, Three Point, Vernon, and Double J groups. In particular is the Parview herdsire, Virginia Polled Primecut, who has worked himself out of a job within the limited cow base available to him. He's in his prime and needs to be considered.

Our host, Highwood Livestock, is one of the most beautiful auction markets in the country and we invite you to join us in this facility at the 2011 edition of "Round Up". Call us if you can't be there & we will assist your buying needs with our experienced, trustworthy, industry leading services.

For the "Round Up" group,

Jay Good
Transcon Livestock Corp.

403 485-3621

Our consignment to the Southern Alberta Round-Up sale consists of 14 two year old bulls and one long yearling bull. All are solid colored with reasonable birth weights, except for DFM 124X who was 120 lbs and a transplant calf with a long gestation. His five flush mates birth weight averaged 102 lbs. All are virgin bulls and home fed.

Our feature lot, DFM 99X, has a birth weight of 96 lbs and was born on August 14, 2010. He is out of IPU Bronson 19K and Brock's Meesha. He is a full brother to her first calf that sold at Fleck Fest to Bob and Brian Lougheed of Oh Kay Farms. I think he will work as a herdsire in any herd. The bulls will be semen tested, have Ivomec and have had Bova Shield Gold, Somnustar PH and 8 Way as calves and again at weaning. Wintering can be arranged.

DFM 106Y is a very thick, deep bodied, transplant calf that is solid colored with a nice temperament. She is out of a very good transplant Antonius cow and Jahari. DFM 117Y is a very attractive, solid red, double goggled, polled heifer out of a first calf heifer and a bull we bought for heifers at the Fleckvieh Equation sale from JNR Farms. Both parents are solid red with pigment. Good calving ease built in. Check her pedigree for some big Fleckvieh names. To view the offering at the farm please phone ahead.

With mixed emotions, and knowing we don't have enough cows for him, we offer Primecut to the industry in his "Prime". He was the result of an extensive search for a Red bull that could take our Red program to the next level. Primecut was the high selling Bull at the 2009 Lucky Sale at \$15,500. His genetics feature some of the best being a son of IPU T-Bone, who's done great things for Tymarc Simmentals, and a direct son of WFL Red Doll 517H. The Red Doll cow family is probably responsible for more herdsires in our industry than any other. In the beef industry it seems that we are all striving to produce those cattle that will finish early and grade well. Last year we sold 6 of his sons into our freezer beef market and the comments were all the same. "This is the tenderest and most flavorful meat that we have ever had, and when can we get more". Primecut has worked magic on our Fleck cows and commercial cow herd, and we will be calving his first daughters this year. His first daughters should be in production by sale day so feel free to ask questions. Bob Wilson has seen Primecut recently so feel free to contact him with any questions.

When we started breeding our Red Simmentals with Klyber our goal was to produce Red cattle with the best of both worlds. Parview's Mr. Primecut 65X may very well be the best bull we have raised to date. A moderate birth weight with loads of performance and above average testicle size. His full brother was our high seller last year going to Hanson Ranches. This calf has been admired by many top commercial cattlemen this fall and they've all commented on his extreme thickness and size of foot.

Here's a really nice, moderate, blaze faced bull. While not carrying some of the performance of the Fleck influenced bulls, he's certainly holding his own. He's another one of those Primecut sons that would work really well on those Angus cows. His mother is a very moderate cow who's always admired by the commercial guys for her frame and excellent udder. Our bulls are fed a free-choice pellet ration from Country Junction Feeds and free choice good quality hay, which allows them to grow at their own rate without being pushed. Take this guy home and reap the rewards of those Simmental influenced steers.

Open.

This heifer should really be staying home but because we want to offer our best, here she is. She's 100% Fleckvieh, deep bodied, wide top, showing a nice spring of rib with lots of natural thickness. To top things off she's almost solid red. Her pedigree is as rich as they come featuring Molson, CB Western 2nd, Metro, Canadian Neff and Antonius. Her mother is a moderate framed cow with a picture perfect udder, and her sire is a bull we bought from Smith Simmentals as their high selling bull in 2009. To top things off she's an absolute "Sweetheart".

Welcome to the Southern Alberta Simmental Round-up Group Sale 2011! This is our second year in the sale and we are excited to be back with our top end animals. Making a tough decision in the spring we brought our numbers down creating a best of our best situation on what to bring to the sale. Having another great calf crop from Virginia Marciano 89U you can expect a lot from his calves. Great muscle, full pigmentation, solid structured and don't forget ease of calving on cows. In 2 years we haven't touched a calf coming out of our cows. What more can you ask for then to have a live healthy calf that pushes down the scales come fall.

Bred to Double Bar D Everest 4R P627816 April 14/11. Exposed to DJJ Spartan 43W 716667 May 1 to July 26/11. Preg checked safe to AI.

This heifer is one that I really wanted to keep for the herd but dad talked me into putting her in the sale. She has always had great eye appeal since she was born, with such a tremendous body and color to match. She comes from a cow we bought in this very sale 3 years ago and boy are we glad we did. I decided to dig deep into the tank and bred her to Double Bar D Everest 4R. I believe the calf from this breeding will be a real show stopper for you!

Terms & Conditions

TERMS - The terms of the sale are cash or cheque payable at par at sale location unless satisfactory credit arrangements have been made previous to the sale. The right of property shall not pass until after settlement is made. Transcon Livestock Corp. reserves the right to require a certified cheque as settlement before releasing any sale cattle. Should any purchaser fail to settle for his purchase Transcon Livestock Corp. reserves full power to resell the animal to the best advantage either publicly or privately, without further notice. Any loss arising from such resale together with keep and all other expenses shall be payable by the defaulter. All settlements must be made with the clerks of the sale before any cattle will be released.

BID - Every animal consigned to the sale must be sold by auction. No private sales will be allowed except as otherwise provided for in the terms and conditions. No by-bidding will be permitted. Each animal will be sold to the highest bidder.

DISPUTES - In cases of disputes, bidding will be reopened between the parties involved. If no further bid is made the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

PURCHASER'S RISK - Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time.

INFORMATION SUPPLIED - The information contained in this catalog is believed to be true and accurate. However, the information has been supplied by the seller and neither Transcon Livestock Corp. or Jamesway Enterprises Ltd. assume any responsibility if the information supplied is not accurate.

CATTLE PICTURES - The images in this catalog are believed to be accurate representations of the individual animals. Transcon Livestock Corp. and Jamesway Enterprises Ltd. assume no responsibility if the images as received have been altered.

ANNOUNCEMENTS from the auction block will take precedence over the printed matter in the catalog. Buyers are therefore cautioned to pay attention to any such announcements.

CERTIFICATE OF REGISTRY - A registration/recordation certificate issued by the applicable breed association and duly transferred will be furnished to the buyer of each animal after settlement has been made. It is the responsibility of the buyer to determine the acceptance of this certificate in any other association.

SHIPPING - Assistance will be given in making shipment after the sale but no risk is assumed by the Sales Management or Seller. Expenses incurred are the responsibility of the purchaser. Purchasers are requested to furnish shipping instructions when making settlement.

BREEDERS GUARANTEE - As per applicable Canadian Breed Association Breeding Guarantee guidelines. Copies are available at the sale settlement desk to be picked up by the buyer at any time. In no event shall the seller be responsible for reimbursing more than the purchase price.

EXCEPTION TO GUARANTEE - In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, the guarantee shall be null and void.

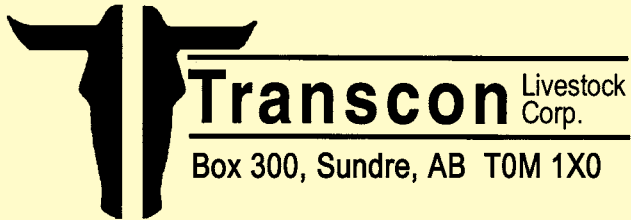

HEALTH - It is the buyer's responsibility to determine health requirements for importing any animal into his province or state. Transcon Livestock Corp. assumes no responsibility for the health status of any animal in the sale.

ACCIDENTS - Although every precaution will be taken to protect the safety and comfort of buyers, neither the Sales Management, auctioneer, consignors, or Association assumes any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.

RIGHTS AND OBLIGATIONS - The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

TRANSCON LIVESTOCK CORP. IS AGENT ONLY - It is to be clearly understood that Transcon Livestock Corp. is only acting as a medium between buyer and seller and is not in any way responsible for any failure on the part of either party to live up to his obligations, neither does Transcon Livestock Corp. assume any financial obligations to collect or enforce collection of any monies between parties, and any legal action that may, in exceptional cases, be taken, must be between buyer and seller.

The Auctioneer shall have the right to refuse bids from anyone who has a previous record of default in payment or who has not made proper credit clearance prior to the sale with the owner or Sale Managers.

If you receive duplicate copies, your address is incorrect, or you wish to be removed from the mailing list please:
