## Welcome

On behalf of our family I would like to welcome and invite you to our 10th annual and final bull and female sale. It is kind of surreal to think that it is only our 10th annual, yet our final bull and female sale, but we have to play the hand we are dealt and assume that everything happens for a reason. The purebred business has been good to us. It has been a challenge and it has been rewarding meeting people and making friendships across the country. We've tried to breed the type of cattle that would benefit the Simmental Industry and improve the genetic potential of our customer's cow herd. We will miss the cattle. They have been such a big part of our lives, but we haven't really missed getting up and checking cows when it was -40. What we will miss is not seeing the potential of next year's calf crop.

When I walk through the bull and heifer pen I feel a sense of pride and accomplishment to have built a herd of cows that can produce such a powerful and uniform set of bulls and heifers. The red bulls and heifers out of Crosby, Walker, Tradmark, High Voltage, Best Western, and Rival are very uniform in shape, type, color and tremendous depth of quality. The black bulls and heifers are out of Tracker, Prairie Fire and Black Powder and they are very deep in quality, type, and uniformity. The fullblood bulls are out of Santiago, Gladiator and Booster. They are a powerful set of beef bulls, most of them being full flock.

The cattle business is coming to a decade of unequal prosperity. The cattle numbers are way down in all of North America, and the world population is growing. Now is the time to buy the best bulls and heifers you can find. Remember, good cattle make you money and poor cattle cost you money, especially in a time when there is a shortage and record high prices. We have the bulls and heifers that can help you on that road to prosperity.

The bulls in the sale will be semen tested and guaranteed, with only one change from previous years, there won't be any credits. If you have

**Edmund, Pauline, & Laura Kopp  
Steven, Amanda, Madison, Kailey & Alexa Kopp**

Box 41, Amaranth, MB R0H 0B0

**204/843-2769**

Edmund cell: 204/856-3064 Steven cell: 204/843-0090

Fax: 204/843-4558 email: [steven@koppfarms.com](mailto:steven@koppfarms.com)

**website: [www.koppfarms.com](http://www.koppfarms.com)**

a problem with a bull not breeding or a heifer not breeding, you will get a FULL CASH REFUND "No Hassles". Bulls and heifers can stay here after the sale free of charge until April 1, after which there will be a \$4.00 per day charge. Delivery will be the same as other years and we will have spare bulls available until the first week of June.

The sale will be held on the farm in our heated Sale Facility in a live video format where the animals will be moving on a large screen while being sold. The bulls and heifer will be penned in large pens to make it easier for you to make your selection.

If you have any questions about the sale animals or the sale format, please don't hesitate to contact us. If you need help selecting a bull or heifer, or can't make it to the sale, contact myself (Edmund), Steven, the Transcon team or any of our sales consultants. New for this year, if you can't come sale day, for your added convenience you can Bid Live On Line. If you need more information don't hesitate to give us a call.

If you would like to see the sale animals and sale videos, go to our web site: [www.koppfarms.com](http://www.koppfarms.com). Or drop in any time prior to the sale and appraise our sale offering, the bulls are the strongest set ever, and the heifers are the most powerful genetics that have ever walked our pastures.

We hope you can make it sale day. We appreciate your tremendous support over the years and we truly appreciate your interest in our program. Come early and enjoy some Kopp Farms hospitality.

**Edmund**

## Bonjour

Bienvenue à notre 10ième et dernière vente annuel pour nos taureaux et nos femelles. Ceci, encore une fois aura lieu sur notre ferme, le 17 Février, 2014.

Nous remercions tous ceux et celles qui ont venue à nos ventes dans le passé, et spécialement un gros merci à nos soumissionnaires et notre clientèle qui ont supporté notre program. Vous êtes tous inviter à la ferme avant la vente pour examiner et choisir les animaux que vous préférez. Nous avons bien confiance que vous allez être bien impressionné. Toujours, notre café vous attend.

Nous vous présenterons les animaux en vidéo sur un grand écran à mesure que les animaux se vendent. Ils seront placés en petit groupes près de l'encan. S'il vous plait, n'hésitez pas de me contacter si vous avez des questions, concernant les animaux ou la vente. Je suis disponible pour vous assister à choisir, aussi je puisse vous aider si vous ne serez pas dans l'endroit.

Si vous voulez voir les animaux et les vidéos qui sont dans la vente, visitez notre web site: [www.koppfarms.com](http://www.koppfarms.com)

Nous esperons vous voir la journée de notre vente d'animaux. Nous avons toujours apprecier votre immense support dans les années passer, et nous avons également apprecier votre dedication et vos interest en notre programme. Venez debonneur et prenez avantage de l'hospitalité de Kopp Farms.

**Pauline**

## Offering 121 Bulls

76 Red bulls 28 Black bulls 17 Fullblood Bulls

## Offering 98 open heifers

80 Red heifers 18 Black heifers

**Offering can be viewed at the farm any time prior to the sale.**

**See the map to the farm on page 83.**

**Join us for pre-sale lunch at 11:00.**

**Auctioneer:** Brent Carey

**Ringmen:** Barry Chescu   Mark Stock   Ben Wright   **DLMS:** Mark Shologan

**Special Representatives:** Lois Gould, Simmental Focus

**Video Auction Sale:** The sale will be held in a live video format, where each animal will be moving on a large screen while being sold. The cattle will be penned in small groups just outside the sale barn.

**Insurance:** Keystone Livestock Services 204 728-3058 Each animal becomes the risk of the purchaser as soon as they are sold. All bulls staying at Kopp Farms **MUST BE INSURED**. We strongly recommend that you take out insurance on your purchase(s), but if you choose not to, please understand that Kopp Farms will not be responsible for any losses or injuries.

### **Animal Health:**

Kopp Farms maintains a total herd health program. All sale animals have been vaccinated with Pfizer gold Program. This included Bovishield Gold 5, One Shot, and Ultrabac7/Somubac. All bulls and heifers were vaccinated for foot rot using Fusoguard, as well as treated twice with Ivomec prior to the sale. All bulls will be examined, scrotal measured, semen tested and palpated by a licensed veterinarian prior to the sale.

**Photography & Sale Videos:** Steven Kopp

**Sale Videos online at [www.koppfarms.com](http://www.koppfarms.com)**

### **Delivery:**

**Option A:** Bulls will be delivered free of charge within 500 km. Delivery will be as soon as possible after the sale at the convenience of Kopp Farms and at the buyer's risk.

**Option B:** Bulls can be kept at Kopp Farms at no charge until April 1. A charge of \$4.00 per day will apply after that date. Buyer must fully insure their bull(s) while being cared for at Kopp Farms. The bull(s) must be picked up by the purchaser.

**Option C:** Bulls can be picked up sale day and a \$50.00 discount will be deducted from the purchase price. If bulls are picked up before March 10th a \$50.00 discount will apply. Bulls must be paid in full before leaving the farm. Buyers must fully insure their bull(s) while being cared for at Kopp Farms.

### **Hotel Accommodations:**

Bay Hill Inn & Suites, Neepawa 204/476-8888   Canad Inns, Portage 204/857-9745   Days Inn, Portage 204/857-9791

**Sale day phones:** Jay Good 403/556-5563 or 204/870-5130   Darren Paget 403/323-3985 or 204/870-5150   Glenn Norton 780/542-0634

### Kopp Farms Bull Warranty

Kopp Farms guarantees to sell you a bull that will be examined by a licensed veterinarian, scrotal measured and semen tested. Should a Kopp Farms bull fail to physically penetrate a cow or heifer, you will receive a full refund on your purchase. Should you have a problem we have spare bulls available. We guarantee to provide you with a sound breeding bull, but will not provide replacement or refund for physical injury or mismanagement. With this in mind, we strongly advise you to insure your bull(s). Should you have a problem with your bull you will have 60 days from the time of possession to report the problem to Kopp Farms in writing. The buyer shall return the bull to Kopp Farms immediately when the problem is detected at the buyer's expense. Kopp Farms will have the bull examined by a veterinarian and will have 60 days to prove the bull will or will not breed a cow. If the bull cannot, or will not, physically breed, the buyer will be entitled to a full refund for the complete purchase price of the bull in question. Should the bull prove to be a breeder, he will be returned to the buyer at Kopp Farms expense and the matter shall be considered closed. In no event shall Kopp Farms be responsible for reimbursing more than the purchase price for any bull or heifer sold in this sale. We assume no liability, legal or otherwise, to make any further compensation to the buyer.

## Sales Management Comments

As one of the all time greatest Simmental herds ever in Canada, the legacy selling is an opportunity for all breeders, new and established, to fast track their own respective breeding programs by purchasing cattle with the Kopp tattoo in this, the final, Kopp Farms Bull and Female Sale. Take your pick, bulls or heifers or BOTH, it's your future that you have a sincere chance to enhance with this once in a "breeders" lifetime opportunity.

The 90'ish heifer calves that will be offered are all the Red and Black Simmi females that were custom designed to be the next draft of replacements to continue on the foundation of superior bull makers. This great group would be an immaculate way to start a herd that would have any of you leading the business instantly.

The red bull pen will rival any in the country. The depth of quality is outstanding, which is normal, but I "kid you not", when I say they are the strongest bunch ever! When I say "depth", it has two meanings, one, the through and through quality, and two, the guts!

The black bulls have that typical "Kopp Top" that I have referred to many times over the years. The intentional design bred into these cattle have always had a "look" of wide-topped and big-hipped that has been very successfully manufactured into the blacks like all the rest.

The Fullblood bulls hail from the oldest segment of the herd and the most established piece of the Kopp program. This is a real nice set of clean looking, well marked, uniform bulls who carry a lot of Fleckvieh influence.

Be prepared to own a piece of history on "Louis Riel Day (in Manitoba)" through purchasing at the "Final Kopp Farms" Sale. In the event you can't attend, please feel free to use our trusted order-buying service that is free to all of you and does not incur any extra charges to the seller.

Congratulations to the Kopp Families!

## KOP CROSBY 137W

Crosby is a homozygous polled, dark red, long, deep bodied bull with a deep full rear quarter and flank. Crosby is a Live Wire son we raised out of our donor female, the prestigious 6P cow. We sold 10 semen packages out of him to the most influential herds in Canada and his progeny topped most of the sales where he was used. His females are making tremendous cows that are easy fleshing with lots of milk and beautiful udders. His sons are hairy, long bodied and thick with lots of performance. Crosby is a bull that can make a lot of positive changes in your herd in a very short time. Buy his progeny with confidence; they will make a lasting impact on your program.

**KOP CROSBYSON 15A**

POLLED PUREBRED MALE

PG790875 KOP 15A 9 January 2013

A dark red, beef machine, best describes this thick, deep bodied, big volume Crosby son. This big fella showed from a very young age that he was going to be exactly what you see. His mother was a half Fleck baldy cow that had the distinction of being the second red cow to sell at our dispersal. With the beef industry about to explode, the females out of this meat wagon should be a hot commodity.

**KOP CROSBYSON 30A**

POLLED PUREBRED MALE

PG790890 KOP 30A 11 January 2013

**Homozygous Polled.** 67U has created another masterpiece. 30A has been a standout from the day he was born. He is super thick, has a big, deep rear quarter and big hip, is super deep bodied and dark blood red with that beautiful Crosby hair coat. He has style to burn and the presence to get your attention. 67U's first calf, named Esposito, is working for one of the premier breeders in Canada, Crossroad Farms of Shell Lake, SK. Her second calf is working for another premier breeder, Beechinor Brothers of Bentley, AB. Beechinor Bros. bought 67U at our dispersal which should explain what they think of their herd bull. This year opportunity knocks again and you can buy from a proven track record, the best of the best. 30A's future can be in your hands. Imagine the value his females will add to your herd.

This was Steven's comment when he processed this calf at a day of age "Dandy, thick, big top". 171A has grown into a deep bodied Crosby son with a nice, thick hair coat. His mother is a moderate, deep bodied Trademark daughter with a nice, tidy udder that goes back to the full Fleck Justine daughter. If you want to see what 171A daughters will look like, check out lot 169 in our dispersal catalog. She is a full sister to 171A.

## KOP CROSBYSON 178A

BLACK POLLED PUREBRED MALE  
BPG791139 KOP 178A 27 January 2013

**Homozygous Polled.** The only black Crosby in the bull pen and he will grab your attention. He is a long bodied, big topped, deep bodied bull with style and balance. His mother is a moderate, easy doing Tracker daughter with a nice, tidy udder. 178A's full brother, 3Z, was a feature black bull in last year's sale that sold to Lazy Bar B Simmentals of Lucky Lake, SK. If you are looking for an outcross black herd bull, one with this many positive qualities will be hard to find. His replacement heifers will be the envy of the Simmental industry.

One of the youngest bulls in the pen yet you wouldn't know it from looking at him. He is a big, powerful Crosby son, with a nice, big top, that is really deep bodied with shape and balance. His mother is a thick, powerful, big hipped Kodiak daughter with lots of milk and a nice, tidy udder. 251A will leave a powerful calf crop and wicked replacement females.

\$5,200.00

**All our bulls are  
tie broke & quiet**

## TWIN-CHIEF WALKER 21W

Walker is a homozygous polled, dark red, heavy muscled, long bodied herd bull. Walker was raised by Twin Chief Simmentals and sold in their spring bull sale to D Bar C. We bought him out of the D Bar C dispersal, a lucky day for us. Walker has exceeded all our expectations; he is a heavy boned, big footed herd bull that has made a huge impact in our herd. His sons are thick, structurally sound beef bulls with thick hair coats and large testicles. His daughters are thick, easy fleshing and feminine made with lots of milk and nice, tidy udders.

PTG793448 KOP 148A 24 January 2013

**Homozygous Polled.** A 6P x Walker transplant calf, a big topped, long, deep bodied bull with a tremendous hair coat. He is a dark red bull with a white stripe on his face. 148A will put length and performance into his calf crop and leave you with super replacement heifers to build your herd around. If you are a breeder or a commercial cattleman, 148A will add value to your calf crop.

A dark red beef machine here. Here is another thick, deep bodied bull with a huge top and big wide butt and had that look since the day he was born. His mother is a dark red Kodiak daughter with a nice, tidy udder. 246A is one of the younger bulls in the bull pen, yet stands toe to toe with the older bulls. A solid herd bull prospect here.

## CMS TRADMARK 756T

Trademark is a homozygous polled Icon son that has left a lasting legacy in our herd. His consistency is unbelievable. I don't think we have ever had to cull one of his calves. His sons grow into powerful herd bulls and his daughters grow into broody, deep bodied, easy doing cows with lot of milk and nice, tidy udders.

Trademark left us with a cream colored bruiser here. This guy has been thick his whole life. 43A is a thick, deep bodied beef machine for the cattleman that like big calves at weaning and super productive replacement heifer. His mother is a beautiful, heavy milking Touchdown daughter with a picture perfect udder. 43A would work dandy in a Charolais herd.

## RJY RIVAL 13Y

Rival is a homozygous polled, dark red Revolution son that created a lot of excitement on the show road in the fall of 2011. He was the Reserve Champion bull at Farm Fair International and he was Junior Calf Champion at Agribition. We saw him at Agribition. He was a very complete bull with a big hip, big top, big butt, was really deep bodied and structurally sound. We bought Rival a few weeks later at Checkers for \$40,000. His first calf crop has not been a disappointment. His daughters are beautiful, thick topped, broody, pear shaped heifers and his bull calves are right at the top of the bull pen.

He is a long, thick, deep bodied bull with a great big top, lots of width when you get in behind him and the presence to get your attention. His mother is a really easy doing, big volume Ben daughter with lots of milk, and a nice, tidy udder. 252A will leave a calf crop that will push down the scale in the fall and leave you with unbelievable replacement heifers.

\$5,000.00

## MRL HIGH VOLTAGE 155X

High Voltage is a bull we bought from McMillen Ranching to use in our heifer pen. He has turned out to be an easy calving bull, yet his calves have explosive growth. They push down the scale at weaning and his bull calves are at the top of the bull pen. His daughters are feminine, easy fleshing females with picture perfect udders that remind me a lot of the Touchdown cows and they turned out to be the cornerstone of our program. Buy his progeny with confidence; they will make a positive impact on your herd.

A moderate, thick, deep bodied, High Voltage long yearling bull out of a powerhouse, long, deep bodied, polled Freightliner daughter with a nice, tidy udder. High Voltage left us a tremendous set of look-a-like half brothers in our fall bulls. 409Z will leave some tremendous females and go out and do a little extra work this summer.

410Z is a powerful, High Voltage, long yearling herd bull. He is a long, thick, deep bodied bull with style and balance. Our fall bulls out of High Voltage have a very quiet disposition and are very nice to work with. His mother is a powerful fullblood cow, big hipped, deep bodied, with a picture perfect udder. She is actually a full sister to 6P's mother. 410Z will be a very easy calving herd bull and will leave some incredible females.

## KOP HIGH VOLTAGESON 113A

POLLED PUREBRED MALE  
PG791081 KOP 113A 21 January 2013

**Homozygous Polled.** 113A is a powerful, big topped, deep bodied High Voltage son with a thick, dark red hair coat and a white stripe on his face. His mother is an absolutely gorgeous, dark red Crosby daughter with loads of milk and a perfect udder. If you are looking for a herd bull with a white stripe on his face, 113A has been an awesome calf his whole life and he won't disappoint when you see him in the bull pen. He will leave some incredible females. The blacks with the white stripe on their face are getting vastly popular; 113A can start this trend in the reds. He has the power, the style, and the mother to make it happen. This pair pumped up, shined up, and clipped up would have been hard to beat in the show ring at Agribition.

## KOP HIGH VOLTAGESON 205A

POLLED PUREBRED MALE  
PG791160 KOP 205A 30 January 2013

**Homozygous Polled.** 205A has got to be the longest bull in the bull pen, but this length doesn't take away from his body mass and big top. 205A is a High Voltage son with a thick, dark red hair coat, with a big barrel middle that blends smoothly into the flank. His mother is a beautiful, heavy milking, first calf Ultimate daughter with a picture perfect udder. Steven called this one a little bear at a day of age, but he's not a little bear anymore. He has grown into a powerful herd bull with the style and presence that make him easy to spot in the bull pen.

## WTW BEST WESTERN 5X

We bought this homozygous polled, dark red, easy fleshing, Red Dream son from Westway Farms for a whopping \$22,000 to use in our heifer pen and we got lucky - he calves like a dream. He is a little bigger framed bull, so we used him on our full Fleck heifers. Best Western's bull calves are dark red, moderate, heavy muscled bulls that excel in the bull pen and are popular with our customers. His heifers are moderate, broody females with style and they are dropping beautiful, picture perfect udders. Best Western will supply our sale with calving ease power bulls.

A moderate, dark red, big topped, deep bodied Best Western son out of a thick, full Fleck Santiago daughter. 121A will make a really easy calving, easy fleshing herd bull that would probably work on heifers.

\$4,200.00

## CG TRACKER 45T

Homozygous polled. A bull we bought as the high selling black bull out of the D Bar C Bull Sale. His sons are long, thick beef machines. The Tracker calves have explosive growth and are impressive from a very young age. Tracker's legacy will be his females. They are exceptional, so deep, so thick, so easy fleshing, with that nice feminine head and nice tidy udder with lots of milk. The Tracker daughters will be the envy of the Simmental industry and the only way to own one is through our female sale or the influence of one of his sons.

Full brother

## KOP TRACKERSON 29A

BLACK POLLED PUREBRED MALE  
BPG790889 KOP 29A 11 January 2013

**Homozygous Polled.** 60U and Tracker do it again, producing probably the best herd bull prospect to date. 29A is a long, deep, big topped calf that is flawless in his make-up, with style and presence. Last spring his full brother sold for \$10,500 to Twin Brae Simmentals of Inglis, MB, and in our herd dispersal his full sister sold for \$27,500 to Beechiner Bros. of Bentley, AB. I think 29A is 60U's best calf to date and has the genetic make-up to be a huge force in the Simmental industry.

218A is a moderate, thick topped, deep bodied Tracker son out of a good, easy fleshing, long bodied, heavy milking, dark red Wheatland daughter with a picture perfect udder. Just a very useful type of bull that will go out and produce a solid calf crop and leave wicked replacement heifers.

\$4,500.00

## WHEATLAND BLACK POWDER 62X

Black Powder is a 680 son that we bought to use in the heifer pen. He calves really well on heifers and high performance cows, with small birth weights and tremendous growth. His sons are moderate, thick, beef bulls that are at the top of the bull pen and his daughters make moderate, broody, easy fleshing females. If you are looking for a power, calving ease bull then have a look at his powerful sons.

His mother is the never miss 45U Like A Rock daughter out of the 112R cow. 229A has a lot of muscle mass and he will pass this on to his calves and will leave very easy fleshing, productive replacement heifers.

\$6,500.00

## R PLUS PRAIRIE FIRE

Prairie Fire is a heterozygous polled, moderate, thick, deep bodied bull that is structurally sound with excellent feet and legs. We bought him for his outcross pedigree and the strength of his dam. He worked very well on the Tracker daughters. His sons are moderate, thick, deep bodied bulls that have been a standout in the pasture and the bull pen and his daughters will make industry leading front pasture brood cows.

**KOP PRAIRIE FIRESO 123A**POLLED PUREBRED MALE  
PTG793446 KOP 123A 22 January 2013

A dark dark red transplant calf, Prairie Fire x 6P, moderate, thick bodied bull that is going to be an easy calving bull. He has been a sharp looking calf his whole life and he should grow into an easy fleshing, trouble free herd bull that will leave powerful replacement heifers. If you are building a herd, watch for these 6P transplant calves, they will leave wicked females.

Maternal brother

\$4,500.00

## KOP PRAIRIE FIRESON 128A

BLACK POLLED PUREBRED MALE

BPG791092 KOP 128A 23 January 2013

# 91

The old 112R cow has stacked up quite a record in her career. She had four daughters in our herd that sold very well in our dispersal, one of which brought a whopping \$25,000 and went to Silver Lake Simmentals of Cartwright, MB. Her first bull calf was a high selling bull sold to Triple T Diamond for \$8750. Her Black Baron bull last year sold for \$7000 to Geisler Cattle Co. and WLB Simmentals. This year she has a thick, deep bodied Prairie Fire bull with some white chrome on his face. 128A is again one of the best bulls in the black pen. He is structurally sound, has good feet and legs and he walks like a cat. If you are a breeder or commercial cattleman who demands a bull out of a cow that never misses, no matter what you breed her to, than 128A is one you have to look at.

## KOP PRAIRIE FIRESON 161A

BLACK POLLED PUREBRED MALE

BPG791125 KOP 161A 26 January 2013

# 97

**Homozygous Polled.** 161A is easily the thickest, deepest, black bull in the black pen. Steven's comment on this calf at a day of age "a little grizzly bear". It sure would be easy buying a herd bull if you could see him through every stage of his life. 161A has maintained that same growth curve from a calf to the bull pen. His mother is a Tracker daughter that traces her roots back to the old full Fleck Universe flush cow, 471Z. There is power in his blood and a herd of hardworking females for his new owner.

FULLBLOOD MALE

791196 KOP 250A 18 February 2013

The youngest fullblood bull in the pen, yet he could be the biggest. He's a dark red Santiago son with a big white star on his face. He is a really deep bodied bull with a big top and big testicles. His mother is a heavy milking, brown, blaze faced Northern daughter with a really nice, tidy udder that did a fantastic job raising this big brute. 250A is a herd bull prospect with shape, balance and style that can be an asset to any breeding program.

## MFI GLADIATOR 116T

A Jahari son we bought out of Dale Murray's bull sale. His sons are powerful beef bulls. They are thick, deep bodied bulls that are structurally sound with good feet and legs and large testicles. His females look like they will be his strength; they look awesome, are easy fleshing and deep bodied with well-constructed udders and lots of milk. Again the structure of these Gladiator cattle is flawless, with big, big feet. Buy his sons with confidence. They can only make a positive influence on your herd.

## BEECH BROS BOOSTER 52Y

Booster is a powerful beef machine. He is a dark red, google eyed, deep bodied, full Fleck bull with incredible mass. We bought him out of the Red Deer Bull Sale where he was the high selling bull of the day for \$25,000. We never had the chance to prove how good this bull really is, but we are very impressed with his first calf crop. His bull calves are thick, deep bodied beef bulls and his daughters are fancy, with shape and style and they are deep bodied, broody heifers, with a big hip, and the brood cow look. Buy his sons with confidence; they can only make a positive influence on the Simmental Industry.

**KOP MS WALKER 152A**

POLLED PUREBRED FEMALE  
PTG793450 KOP 152A 25 January 2013

152A is another Walker x 6P transplant heifer. She is a fancy, broody, dark red heifer that has the genetics to do great things. Remember the 6P Wheatland daughter 107U, that is now deceased, raised the \$43,000 Trademark son in our 2012 bull sale and a \$15,000 Tracker son in our 2013 bull sale. These Prairie Fire x 6P females are much stronger in their physical and genetic make-up than the 107U cow. You will have to judge the value of such potential.

## KOP MS BEST WESTERN 22A

POLLED PUREBRED FEMALE  
PG790882 KOP 22A 9 January 2013

A thick, dark red, Best Western daughter that is going to be a super cow. Her mother, 145Y, a Touchdown daughter, was another one of my favorites, going back to the 60N cow. Production is locked into this powerful heifer and she would be one of my top picks out of this very strong set of heifers.

BLACK POLLED PUREBRED FEMALE  
BPG791077 KOP 107A 21 January 2013

Steven always writes a comment about the calves when he processes them at a day of age. His comment on this calf was "Beauty and Big Topped". That comment still holds true to this day, a definite sale feature. Her mother is a beautiful, solid black cow with a picture perfect udder.

## 219 KOP MS PRAIRIE FIRE 114A

## Terms & Conditions

**TERMS** - The terms of the sale are cash or cheque payable at par at sale location. The right of property shall not pass until after settlement is made. Transcon Livestock Corp. reserves the right to require a certified cheque as settlement before releasing any sale cattle. Should any purchaser fail to settle for his purchase Transcon Livestock Corp. reserves full power to resell the animal to the best advantage either publicly or privately, without further notice. Any loss arising from such resale together with keep and all other expenses shall be payable by the defaulter. All settlements must be made with the clerks of the sale before any cattle will be released.

**BID** - Every animal consigned to the sale must be sold by auction. No private sales will be allowed except as otherwise provided for in the terms and conditions. No by-bidding will be permitted. Each animal will be sold to the highest bidder.

**SALES TAXES** - Applicable sales taxes will be charged on semen, embryos and trucking fees (if listed), respectively to the home province of the buyer, not the seller.

**DISPUTES** - In cases of disputes, bidding will be reopened between the parties involved. If no further bid is made the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

**PURCHASER'S RISK** - Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time.

**INFORMATION SUPPLIED** - The information contained in this catalog is believed to be true and accurate. However, the information has been supplied by the seller and neither Transcon Livestock Corp. or Jamesway Enterprises Ltd. assume any responsibility if the information supplied is not accurate.

**CATTLE PICTURES** - The images in this catalog are believed to be accurate representations of the individual animals. Transcon Livestock Corp. and Jamesway Enterprises Ltd. assume no responsibility if the images as received have been altered.

**ANNOUNCEMENTS** from the auction block will take precedence over the printed matter in the catalog. Buyers are therefore cautioned to pay attention to any such announcements.

**CERTIFICATE OF REGISTRY** - A registration/recording certificate issued by the applicable breed association and duly transferred will be furnished to the buyer of each animal after settlement has been made. It is the responsibility of the buyer to determine the acceptance of this certificate in any other association.

**SHIPPING** - Assistance will be given in making shipment after the sale but no risk is assumed by the Sales Management or Seller. Expenses incurred are the responsibility of the purchaser. Purchasers are requested to furnish shipping instructions when making settlement.

**BREEDERS GUARANTEE** - Bull guarantee as outlined on Page 4. Female guarantee as per applicable Canadian Breed Association Breeding Guarantee guidelines. Copies are available at the sale settlement desk to be picked up by the buyer at any time. In no event shall the seller be responsible for reimbursing more than the purchase price.

**EXCEPTION TO GUARANTEE** - In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, the guarantee shall be null and void.

**HEALTH** - It is the buyer's responsibility to determine health requirements for importing any animal into his province or state. Transcon Livestock Corp. assumes no responsibility for the health status of any animal in the sale.

**ACCIDENTS** - Although every precaution will be taken to protect the safety and comfort of buyers, neither the Sales Management, auctioneer, consignors, or Association assumes any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.

**RIGHTS AND OBLIGATIONS** - The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

**TRANSCON LIVESTOCK CORP. IS AGENT ONLY** - It is to be clearly understood that Transcon Livestock Corp. is only acting as a medium between buyer and seller and is not in any way responsible for any failure on the part of either party to live up to his obligations, neither does Transcon Livestock Corp. assume any financial obligations to collect or enforce collection of any monies between parties, and any legal action that may, in exceptional cases, be taken, must be between buyer and seller.

The Auctioneer shall have the right to refuse bids from anyone who has a previous record of default in payment or who has not made proper credit clearance prior to the sale with the owner or Sale Managers.

From the #260 & #261 Junction: 19 km east on #261 and 2.4 Km north on Road 58W.
