Welcome from Transcon

On behalf of Transcon Livestock, the long-time consignors and this year's new consignors, we welcome you to the 29th Annual Advantage Bull Sale held at SLS Saskatoon.

This year's offering is as strong and as good as one would expect. All segments of the Simmental breed will be represented, as well as a powerful set of extra age Charolais bulls. There will be something to fit everyone's bull buying needs and budget. Whether it's a pure power beef bull or a sleep easy calving ease type bull you are looking for, this sale has it. Don't forget to take Advantage of the extra age bulls that have the capability to get more cows bred.

This is a reputation sale of Simmental and Charolais bulls from a passionate group of consignors that take pride in what they produce to offer buyers a quality product that will go out and work in any environment. Please feel free to give us a call at Transcon to assist you with any information, appraisals or bidding/buying assistance that may be required in the event you are unable to attend.

Look forward to seeing you on sale day, Mar 30th @ SLS Saskatoon.

Terms & Conditions

TERMS - The terms of the sale are cash, cheque, e-transfer, or wire and are due at the time of sale, unless other arrangements have been made between buyer and seller prior to the sale. Transcon reserves the right to charge interest at a rate of 2% per month on overdue accounts. The right of property shall not pass until after settlement is made. Transcon Livestock Corp. reserves the right to require a certified cheque as settlement before releasing any sale cattle. Should any purchaser fail to settle for their purchase Transcon Livestock Corp. reserves full power to resell the animal to the best advantage either publicly or privately, without further notice. Any loss arising from such resale together with keep and all other expenses shall be payable by the defaulter. All settlements must be made with the clerks of the sale before any cattle will be released. Transcon Livestock Corp and/or the Auctioneer shall have the right to refuse bids from anyone who has a previous record of default in payment or who has not made proper credit clearance prior to the sale with the owner or Sale Managers.

BID - No private sales will be allowed except as otherwise provided for in the terms and conditions. No by-bidding will be permitted.

SALES TAXES - Applicable sales taxes will be charged on semen, embryos, and trucking fees (if listed), respective to the home province of the buyer, not the seller.

DISPUTES - In cases of disputes, bidding will be reopened between the parties involved. If no further bid is made the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

PURCHASER'S RISK - Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time.

INSURANCE - Each animal becomes the risk of the purchaser at the time of sale and should be insured. Animals returning to the seller's farm must be insured.

US BUYERS - There is an additional charge (approximately \$300.00 US dollars) that will be applied to each animal purchased. This covers documentation, vet inspections/testing required to export. This cost does not include transportation or brokerage which is the responsibility of the buyer.

CATTLE PICTURES AND INFORMATION PROVIDED - The images in this catalogue are believed to be accurate representations of the individual animals and the information contained in this catalogue is provided by the seller and believed to be true and accurate. Transcon Livestock Corp. and catalogue designers/producers assume no responsibility if the images and/or information as received have been altered or is inaccurate.

ANNOUNCEMENTS - All announcements from the auction block will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay attention to any such announcements.

CERTIFICATE OF REGISTRY - A registration/recordation certificate issued by the applicable breed association and duly transferred will be furnished to the buyer of each animal after settlement has been made. It is the respon-

sibility of the buyer to determine the acceptance of this certificate in any other association.

SHIPPING - Assistance will be given in making shipment after the sale but no risk is assumed by the Sales Management or Seller. Expenses incurred are the responsibility of the purchaser. Purchasers are requested to furnish shipping instructions when making settlement.

BREEDERS GUARANTEE - As per applicable Canadian Breed Association Breeding Guarantee guidelines. Copies are available at the sale settlement desk to be picked up by the buyer at any time. In no event shall the seller be responsible for reimbursing more than the purchase price. **EXCEPTION TO GUARANTEE** - In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, the guarantee shall be null and void.

HEALTH - It is the buyer's responsibility to determine health requirements for importing any animal into his province or state. Transcon Livestock Corp. assumes no responsibility for the health status of any animal in the sale.

EMBRYO & SEMEN - Full settlement must be made before release is done and shipping arrangements should be done within 30 days of the sale unless arrangements made between buyer and seller prior to the sale. Shipping arrangements and costs are the expense of the purchaser once release has been given.

ACCIDENTS - Although every precaution will be taken to protect the safety and comfort of buyers, neither the Sales Management, auctioneer, consignors, or Association assumes any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.

RIGHTS AND OBLIGATIONS - The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

TRANSCON LIVESTOCK CORP. IS AGENT ONLY - It is to be clearly understood that Transcon Livestock Corp. is only acting as a medium between buyer and seller and is not in any way responsible for any failure on the part of either party to live up to his obligations. Neither does Transcon Livestock Corp. assume any financial obligations to collect or enforce collection of any monies between parties. Any legal action that may be taken, in exceptional cases, must be between buyer and seller. disclaims any liability legal or otherwise in the event of accident or loss of property.

RIGHTS AND OBLIGATIONS - The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

June Rose Charolais

Welcome to the 29th edition of this long running bull sale, noted for the consistent and hard working bulls that have come through this sale.

This years bulls will be highlighted by a strong set of 2yr old sons of DVY Footprints Crimson Tide 15G to sell in The Advantage. They combine a ton of hair, thickness, length of body and overall mass, into a very appealing package. Once again a strong group of LAE Everest 772E sons will be on offer. These bulls are consistent in type, hair, muscle and disposition.

You're welcome to come view the bulls anytime prior to the sale. They will be at SLS a couple days before sale date. Feel free to stop in and take a look.

Look forward too seeing everyone at SLS in Saskatoon for Transcon's Advantage Bull Sale on Saturday March 30th.

We would like to take this time to thank all of our previous buyers and bidders!

Without the support you have given us our programs would not be as successful as they are!

We all look forward to seeing you at the sale!

Westdale Cattle Co.

On behalf of Jack, Sharon, Cache and myself I'd like to thank the Transcon Team for welcoming us into the Advantage sale.

We are new to getting back into the scene but not new to the Charolais industry as we have been in the breed for 35 years. We took a step back for a while but now are starting to breed a select group of females and trying to advance our program through the use of embryo genetics from some of the great breeders in the country.

We look forward to seeing new and old faces as we start on our new journey (again).

DOUBLE POLLED - 100K tested to improve the accuracy of his EPDs.

Bentley 35L is a super stout made big hipped thick haired son of the Players Club champion Brewitt. He has extra shape and muscle expression that ties in to an attractive front end. 35L will be one of the stoutest bulls you will find this spring. He has a top 20% WW and top 10% YW Epd. We feel he can sire calves that can be very marketable in your bull pen or the big stout hairy calves that can top the markets in the fall calf run. We think he can work in many different aspects for all types of producers. Purebred or commercial, Bentley can work for you!

PCC BREWITT 929G - Sire of Lot 16

Double G Simmentals

Welcome to the Double G portion of the Advantage Bull Sale 2024.

Once again, we have assembled a group of bulls that represent our herd sires. Across the different pedigrees, we feel that they are a high-quality offering that will suite a variety of needs from calving ease to performance to maternal strength. This year was extremely dry in our area, and since we do not creep feed, our weaning weights suffered consequently but those strong Simmental genetics have prevailed and since weaning these bulls have really developed into as good a group as we have ever produced. The two-year-olds in the sale ran on grass with no supplemental feed until the end of October and have really held their own and developed nicely over the winter.

We would like to thank all past buyers and bidders that have supported this sale and look forward to seeing as many of you as possible at the sale. Please feel free to call or visit the farm any time. We would love to assist you in finding the right bulls for your operation.

See you at the sale.

HOMO POLLED - NON-DILUTOR

A Rocky son this time from a moderate, good uddered cow who has produced really well for us. He is a dark red bull with excellent depth of body and thickness and a nice moderate birth weight. Besides being a top end bull, he has the added advantage of being homo polled.

Aumack Simmentals.....

Welcome to the Advantage Bull Sale.

This year's bulls are a great group of young herd sires that have a mix of calving ease and performance. Bulls that have grown on a ration that will stand the test of time. We have many bulls that go back to Dams from our embryo program, which we are still utilizing, as well as artificially inseminating a large part of the herd. We also believe the importance of a good walking herd bull which put us in line to buy Kindred Spirit Helios. A Homo-Polled Full Fleck that has a great hip and hind quarter. His sons and daughters show these qualities and we have brought a group of bulls that show this.

We look forward to seeing everyone at the sale.

Kindred Spirit Cattle Co.

Welcome to Transcon's 29th Annual Advantage Bull Sale! We are so excited to join this fantastic event! We'd like to extend a thank you to the Transcon team and compliment their professionalism. If you are new to our program, we breed 100% Fleckvieh and Fullblood Simmental focusing on producing performance driven polled herd sires.

We are very pleased to offer you this pen of bulls who are backed by powerful Fleckvieh cow families and the top genetics in our program. Our offering consists of horned, hetero-polled and homo-polled yearlings with lots of pigment and consistent performance and three virgin 2-year- old bulls, ready to go out and breed. We've added 2 year-olds to our program from the request of you the buyer as they can cover more cows with that little extra maturity.

Don't hesitate to reach out prior to sale day to chat or set up a viewing of the bulls. We look forward to chatting with you.

FULL FLECK, HOMO POLLED, DILUTION FREE

This is a well pigmented, moderate framed, smooth shouldered bull with homo polled and dilution free status as a major upside. He comes from a great proven female in our donor program, who has produced high selling bulls and females in previous sales. As an example she raised 30H Helios, honestly one of the best bulls we have produced who sold to Aumack Simmentals. We did a flush of Iona to Bellagio, getting a set of full sisters to Kilt. The most recent daughter from that flush sold to Northern Light Simmentals this December. Kilt has developed into an excellent herd-sire prospect. Nothing should be left to the imagination with this mature homo-polled son.

FULL FLECK, POLLED (SCURRED), DILUTION CARRIER

There is absolutely no guess work here! If you want a mature, powerful, polled bull that's ready to cover plenty of cows and add extra pounds on his calves at weaning, then Kalium should be your pick. He comes from a fantastic female that we purchased from Westgold a number of years ago, who's been an outstanding producer. His sire is the

powerful, Glasgow, who makes excellent brood cows with strong maternal traits and powerful herd bulls. Kalium is no exception and has developed into a great herd-sire prospect, who is sure to make those ideal replacement heifers and above average steers with lots of depth of body and extra rib which goes a long way with wean prices.

FULL FLECK, POLLED, DILUTION FREE

Kunta might actually be the most impressive bull over-age, just based on his late birthday and how well he's developed. His dam has produced two high-selling powerful females for us both going to Double Bar D. She was late on this breeding, so Kunta got some extra time to develop and we are extremely happy with how he has matured. He's stout made, good footed, polled and deep pigmented. He's an excellent example of how Anchor D Fabulous 245H, makes sons at the top of the pen. Kunta is dilution free and white faced; breed him to reds or blacks and he'll give you fantastic blaze or baldie calves with high return at weaning.

Laddie is a pretty exciting bull calf. He's a homo-polled, dilution free, 'Fabulous' son with solid wean and yearling weights and tons of potential. He's full bodied with lots of extra hair and pigment. We can't say enough good things about 'Fabulous.' He works on big old cows, heifers and everything in between. Laddie's dam goes back to our foundation cow family with broody powerful cows and loads of maternal on that side of the pedigree. Laddie has the maturity about him to go and cover lots of cows and make those ideal polled calves.

There is no question that this bull will have lots of friends on sale day. Legend is the prototypical kind of bull we strive to raise. He's dark as they come, stout and deep gutted with tons of power on the back end. His cherry red coat on a homo-polled, dilution-free package is outstanding. His dam truly knocked it out of the park with her first calf here and we're so glad she stayed home. Legend is another 'Fabulous' son right at the top of our pen, with huge potential. This bull could really be the difference maker in many programs.

It's not hard to spot this bull out of the pen and he's pretty darn easy to be proud of. This 'Fabulous' son has tons of muscling with loads of power on the back end. Another deep gutted bull with excellent weights, dark pigmentation and a proven pedigree. His dam is an outstanding Ezana daughter with a bright future. A full sister to Loggins sold to Bonchuk Farms a few years ago and we were so impressed with her we went straight back to that same breeding. We're so glad we did. He's got that look about him that you just know he's going to get the job done.

Legacy is has exceptional frame score, and outstanding daily gains and structure especially considering that he is the youngest bull in the pen. There is no doubt that Anchor D Fabulous 245H puts his stamp on his calves and really rolls out consistency. Compare Legacy to his brothers in the pen and you'll see he really stacks up well, which is really impressive given his late birthdate. His dam goes back to our foundation cow family with proven genetics in our herd. This calf is truly exciting, and loaded with potential. He's sure to mature into an excellent herd bull and sire fantastic calves.

Here's a really well balanced Anchor D Outlook son out of a first calver we bought from Bonchuk Farms. He's dark red, with lots of colour and a great coat of hair. He's really come into his own in the last few months. Laird has heifer pen potential with his low birth weight, smooth shoulders and he's backed by a proven calving ease sire. We're very pleased with the job 'Ms Frontier' did here and look forward to what she'll continue to do in the future.

Sinister Simmentals

Before I kick things off on being in my first bull sale. I have a few people I have to thank for helping me get to this point. My parents Nestor and Shirley Kuluik (Thick Wood Hills Simmentals). They do my chores and calve my cows while I'm gone welding in the oil patch. Then I have to thank Ryan and Sara Archdekan (Arch Holdings) for helping me out huge with my A.I. program and for just cattle advise. And last there is this swell fella by the name of Walter Malysh (Lonesome Willow Simmentals) who helps me out when I need advice on crossing genetic lines and other Simmental questions. That being said, I hope I am bringing a good group of Full Fleckvieh bulls to the Advantage sale.

Derrick Kuluik
Sinister Simmentals
 Cell: 780-808-1399
 Email: dinkeyes2000@yahoo.ca

I have been around cattle my whole 45yrs of existence. I got out of cattle back in 2004, only to get back in it in 2014 and do the Simmental thing in 2019. Today I am still building a Simmental herd and a commercial herd. So, I cull heavy in hopes of bringing top notch bulls/females to the table. It has been a tough battle to breed the perfect bull/female, but it is sure enjoyable/expensive to try. My bulls/females are all hand fed and I spend a lot of time in the pens to help create a well demeanour animal that doesn't want to eat you when you go into the pen.

Anyways I hope all the best to everyone in 2024 and enjoy the sale.

Thanks,
 Derrick

This is my second crack on getting a crack at having a Hexagon calf hit the ground out of the same dam. 3yrs ago I A.I. this dam to Hexagon and she lost a set of twin bull calves 3 days before her due date. So hence the name. His dam is a cow I bought from Keet Simmentals on private treaty. She is a tank with a great udder and temperament. He is dark red, double goggled bull. He is one of my biggest bulls in the pen and biggest baby.
